

24/06/2020 – The Age We Are In

Scene 1

In a dream I was taken into a big church, it looked like a cathedral. Then suddenly, the church began to shake violently, it was like an earthquake was taking place. I saw the designs that normally are in cathedrals, the exquisitely plastered ceilings and paintings, the beautifully designed pillars all fell to the ground and smashed to pieces. I got the sense that what happened afterwards was the true foundation of the church was being revealed and unshaken. I could hear the holy spirit say to me " let us leave here there's more I want to show you".

- The Lord gave me Jeremiah 23:1-4 at the start of the Lockdown.
- On the 6th of June, while in a vision I heard Lord say "I am bringing my judgement". I felt this had to do with Him dealing falsehood in the church.
- I believe a lot of home meetings will happen where true believers will gather like in the time of Acts. They will be in one accord with each other, there will be unity and alignment in purpose like with Richards vision and my dream from Dec 2019 about the little arks (marked with 11:11) going towards the big Ark.

Scene 2

As I was taken away from there, I saw the earth rip open, the earth was shaking, from underneath the ground came fire and lava bubbling up, it looked like there was going to be an eruption. I heard Jesus speak. He said go on the rocks and the wooden planks that are laid out so you can escape the fire, the planks looked like the shape of a cross. I realised I was with some other people I believe are saints also, we were all moving as the Holy spirit was leading us, we were told what stones/planks to step on, and what moves to make.

- I believe the cross means the price he paid for our salvation, there is no escape without the cross.
- The rock represents the rock of our salvations, our defence, our hiding place. Psalm 18:2 deliver us in the time of trouble-Hebrews 12:26-27 refer back to the 1st scene. Matthew 24. The days are shortened for the sake of the elect.
- I believe the voice of the Lord will be heard clearer than ever before to help us navigate the times.

Scene 3

We got to another scene, I saw a lot of people standing at what looked like a crossroad, I got the impression that some of them were Christians, but they weren't prepared, their attention was in the world and not fully with God, they had a divided attention. I tried to get their attention to prepare for what was about to happen, but they weren't listening and I couldn't do anything for them. Things were happening so fast, it felt like time was running out. I noticed they were looking at activities going on in the natural, they were focused on the world events that were taking place and many other voices, they were not focused on Jesus but they were distracted.

Amongst the people standing there, was another group of people who listened to the urgent call we gave and they joined us. (I feel that these were unbelievers – possibly part of the great harvest). Matthew 22:1-14.

- Dangerously deceptive demons, be on you guard, pray at all times, get rid of the distractions, gather your oil.
- Matthew 25...10 bridesmaids ...be prepared
- Psalm 119:37. Turn my eyes away from the worldly things that distract and let your priorities be mine.

Scene 4

I was told a yacht was prepared for the bride of Christ, those who were prepared. The yacht was white, it had golden lights around it, it was large and beautiful. Then it looked like a

separation happened. The yacht and those who were prepared were by the right and the people who weren't prepared were by the left. Myself and those that were prepared were standing and waiting for the call to go in.

As we went into the yacht, I saw water rise up to the surface of the earth, it was increasing little by little. The door of the yacht was shut right after we went in. Whilst in the yacht I remember being on my knees looking in expectation to see Jesus, and I told someone that was there also, that I couldn't wait to see Jesus, I was eager, I was looking forward to seeing Him, while on my knees I saw Him in a vision coming on a white horse in all his glory.

- A bride prepared without spot or blemish by the Holy Spirit for the coming of Christ.
- I feel this is where the true believers shall be separated, the true church will arise and be seen.

Scene 5

Afterwards I could see the Christians who weren't prepared, I felt Gods anger rising towards them and the world. These Christians that couldn't enter into the bridal yacht were given a white inflatable boat, it was small. I had an understanding that if their faith wasn't firm enough, they would be tipped over because the boat wouldn't be able to carry them without faith in Jesus Christ.

What I believe will Happen in this Age:

- I have heard from many Prophets in the body of Christ we have transitioned into the kingdom age.
- The Mandate of the Fivefold Ministry will be achieved. We will move from having Denominations to Complete Unity in faith and maturity.
- the great harvest
- A bride prepared without spot or blemish by the Holy Spirit for the coming of Christ.
- Judgment
- rapture
- Bob Jones had a vision of small Barns in homes where there will be a harvest.

11/07/2020 – End of the Earth

On the 11th of July, during my preparation for today's word, while falling asleep and I had a vision. I felt the Lord use this vision to tell me what He wanted me to share – the dream I brought on Sunday. Below is the vision....

"In the vision I was flying and I was taken to the end of the earth, everything looked grey and dark, it was covered in smoke and it looked foggy. The ground had lots of cracks, and right at the end of the road was a huge dark hole, covered in smoke as well. I looked inside this dark hole, I saw sofas, TVs, houses, possessions, etc, all falling into this dark hole, I also saw people falling into this hole. It was a depressing and sad sight, as I watched what was happening, more items and people were being drawn into the hole. I saw a strange looking man, his eyes weren't looking normal, it had a black covering over his eyes and he was unknowingly headed towards the dark hole. I tried talking to him and also tried pulling him back and then I came out of the vision."

- One of the things I got out of this vision which ties into the dream is the Call to the Lost – our commission as believers under the Power of Holy Spirit 1Corinthians 2:4-5
- Maintain continuous intercession for family, friends, children, grandchildren.
- Remember that Earthly possessions will pass away.
